Business Ordinance, Other Items Approved

Completion of action on Redwood City's civil service and retirement ordinance was deferred until the city council's next regular meeting Tuesday night after Councilman Henry W. Edmonds, chairman of the committee which had charge of preparing the ordinance, reported on the projected measure and listed corrections to be made in the tentative draft.

Edmonds said he believed the civil service measure should specifically provide: (1) credits to veterans, in determining their position on eligibility lists for employment after they have fulfilled other requirements; (2) return of jobs after their discharge to men called to military service; (3) persons appearing in civil service hearings should not be required to retain attorneys to represent them.

On this last point, Mayor H. F. Anderson contended that, while employees would be able to present their case at informal hearings they could not be represented by any except attorneys, because the procedure would be broken down by the presentation of immaterial evidence by persons unskilled in legal technique. Edmonds accepted this view.

PREFERENCE FOR VETERANS

Councilmen agreed service men should get credit toward their civil service eligibility rating, with five points for veterans and ten points for permanently disabled veterans as fair preference allowances. These credits would be added after the veteran had qualified for the eligibility list through examinations. This system of credits is widely used in civil service, Edmonds said.

The council will study the

3 Cities Co-operate In Fiesta Display

Redwood City, Burlingame and San Mateo will co-operate again this year in a joint display at the San Mateo County Fiesta, Sept. 19-22, it was announced today at the three chamber of commerce offices, the city council of each city having appropriated funds for the display.

Main feature of the booths will be large cardboard displays furnished by San Francisco Peninsula Inc., and literature telling the advantages of living in each of the cities.

Chamber Secretaries Granville Browning of Burlingame, Randle P. Shields of San Mateo and Roscoe D. Wyatt of Redwood City will be in charge of the booth. One of the features of the booth will be an enlarged photograph of the Port of Redwood City.

measure before acting on it at the next meeting.

The city attorney was instructed to prepare and submit a business license revision ordinance, as outlined by Councilman Floyd D. Granger. A draft of the proposed measure was approved by the council.

Granger said he "wondered whether we are going to enforce" the new measure. Many persons have been missed by the city in the past, he said—particularly persons in the building business who come into town to do a small job, and leave without paying a fee.

Prisoner's Wife Coming To This City

Among American refugees fleeing Fascist France who arrived in New York aboard the American Export Liner Excalibur was Mrs. Vera Males, a resident of France, and her 8-year-old son, Renee, en route to stay with a brother, Fred Dousard, of R.F.D. 2, Redwood City, for the duration of the war, according to a special dispatch to the Tribune from Inter-city News Service.

Mrs. Males, an American who married a Frenchman and has been living in Paris for the past 10 years, revealed that her husband, a business man, is now a prisoner in a concentration camp and was last heard of on June 10. "My husband was drafted into the second draft," she said, "and has the rank of Lieutenant. I don't know when he was captured, but I do know that he is still a prisoner and is somewhere in Germany. I thought it best for my son and me to return to America because conditions in France at the present time are unbearable."

FRENCH BEWILDERED

Commenting on the fall of France, Mrs. Males reported that the majority of French people are still bewildered over capitulation of their country and don't quite comprehend what happened.

"Fortunately," Mrs. Males said, "I was not in Paris when the Germans took over the city. I had been staying in the southern part of France, but French refugees from Paris whom I met feel sure that the German occupation of France is all a bad dream, and that France will eventually regain her freedom."

Mrs. Males said she did not have any difficulty returning to America, chiefly because she is an American citizen. She told of the numerous refugees fleeing Paris and seeking a safe haven in Spain and Portugal. She also told of leaving all her possessions in France and coming here with only a few necessities.

"I hope to return," she said, "as soon as this nightmare is over." Ship officers reported that three passengers traveling on German passports aboard the ship were taken off at Bermuda by British officials, as well as 16 reels of German war pictures.

The liner carried 166 passengers, about 40 over her normal capacity. The majority of passengers on board were seeking refuge here for the duration of the war.

Mrs. Males said she would remain in New York for several days before leaving for Redwood City.

Banks To Be Open Again on Saturday

Peninsula banks will be open again next Saturday.

For a trial period of June, July and August, the Peninsula banks, like others all over the state, have been closed Saturday mornings, but this practice will now be discontinued, possibly until the next Summer vacation period.

J. Elmer Morrish of Redwood City, president of the Peninsula Clearing House, said that in deciding upon Saturday openings again, banks on the Peninsula are following the example of banks in San Francisco.

Former R.C. Woman, 88, Suit Principal, Missing

Reported disappearance of Mrs. Jeanette Gilman, 88-year-old Alameda woman whose custody is the object of a court fight between natural and adopted daughters, recalled to mind here today the fact that Mrs. Gilman once resided in Redwood City and still is a property owner here.

In July Superior Judge Frank M. Ogden of Oakland ruled Mrs. Gilman to the custody of her adopted daughter, Mrs. Doris Ann Johnson, ruling against the natural daughter, Mrs. Cordelia Thomas.

Wednesday Judge Ogden authorized expenditure of \$100 from Mrs. Gilman's estate to

R. C. Man Robbed by Thug To Whom He Gave a 'Lift'

Peter Kolman, 30, of Columbia Ave., Redwood City, a truck driver for the Wisnom Lumber Co. in San Mateo, wishes he hadn't played good Samaritan Saturday—pay day.

Kolman was robbed of \$76 by a well dressed, young hitchhiker whom he picked up in San Mateo at Third Ave. and Bayshore. He was driving home from work, probably thinking about the forthcoming double holiday, suspecting no evil of his passenger who spoke with a southern drawl.

At Belmont, however, the man asked to be let out, and as he opened the car door he drew a revolver and told Kolman to get out of the car, removing Kolman's wallet from his hip pocket as he did so. Then he took the Kolman car, and left the truck driver standing beside the highway.

Later Kolman's auto was

Vitamin Need Is Described

There has been considerable information about the necessity of vitamins in the diet, but very few people are informed as to the amounts required by the average individual. The purpose of this article is to give some idea of the normal needs.

One of the most common vitamins and perhaps the most essential to energy, is Vitamin B-1. This is measured in terms of international units. This is an arbitrary unit of measurement as applied to vitamins, just as the pound is the unit of weight.

According to the United States Department of Agriculture, the following number of international units of Vitamin B-1 are necessary each day:

Adults, 20 years and over, 500 international units; boys, 16 to 19, 600; boys, 13 to 15, 500; boys, 11 to 12, 420; girls, 14 to 19, 420; boys, 9 to 10, 400; girls, 11 to 13, 400; boys, 7 to 8, 350; girls, 8 to 10, 350; boys, 4 to 6, 250; girls, 4 to 7, 250; children under 4 years, 200.

To interpret units in terms of a common article of food, consider the white bread baked with high vitamin B-1 yeast. Each loaf of high vitamin white bread with 2 per cent high vitamin B-1

yeast (this is not to be confused with ordinary white bread) contains 450 international units of Vitamin B-1. This is the one-pound loaf. If the average person consumes 6 slices of this bread each day, and there are 18 slices to the loaf, he will receive 150 international units of vitamin

Ninety per cent of the urban population of Arizona is concentrated in 20 cities.

B-1. This is 30 per cent of the average adult's requirements and over 75 per cent of the requirements of a small child.

Mrs. Jennie Havice Of Montara Succumbs

MONTARA — Death of Mrs. Jennie Havice, 80, of Montara, at the home of her daughter, Mrs. Marian Osborn, in Azusa, Calif., Tuesday was revealed today.

Mrs. Havice was the widow of George Havice Sr., retired cattleman who settled in Montara in 1910. She was a sister of the late Harr Wagner of San Francisco, prominent publisher.

MENLO PARK NEWS

MENLO PARK—James T. O'Keefe Jr., city attorney of Menlo Park, was united in marriage in the Cathedral of the Blessed Sacrament, Sacramento, Sunday to Miss Muriel Maloney, also of Menlo Park. Attendants for the pretty bride and Mr. O'Keefe were Dr. and Mrs. Cordes W. Ankele (the former Miss McEvoy) of Sacramento. Father Bernard Burk, formerly of Menlo Park, performed the ceremony. The young couple will spend their honeymoon in Canada. On their return they will occupy their new home in Felton Gables, an exclusive residential district of Menlo Park.

Miss Agnes and Miss Bessie Mason have closed their Summer cottage at Seabright and returned to their Menlo Park home.

John Duff, San Francisco coffee magnate, was here Wednesday. His visit gave rise to the rumor that he plans a new building on his property on Santa Cruz Ave.

Edward O'Keefe sought the wheat fields of Hollister last weekend in search of the elusive dove. He secured the bag limit. He reports the shooting in that district is not so good. The foothills back of Menlo Park furnish just as fine sport and the saving in time and travel is to be reckoned with.

St. Joseph's Parochial School opened Tuesday with a registration of nearly 200 pupils. The institution is filled to capacity. The faculty has been enlarged to meet the large enrollment.

Jack Welsh had his first solo flight Tuesday when he flew from the Mountain View Airport to Livermore and back. Young Welsh is a Santa Clara graduate and has taken up aviation as a profession. He plans to fly for the government.

John Maloney, the well-known cartoonist of Los Angeles, spent the week here at the home of his mother, Mrs. Catherine Maloney. Mr. Maloney is the chief cartoonist on the Herald, a Hearst publication.

"A Night in Old Menlo" will be celebrated in the Kuck gardens on Sept. 21. An elaborate program is being arranged. This will be the third annual celebration and the forthcoming one will be the best ever.

Thomas Maloney, John Morey and wife and Frank R. Maloney have returned to town after spending two weeks at Skaggs Springs.

Henry Agard Wallace, the Democratic candidate for the vice presidency, is a distant relative of Hans Agard of Menlo Park. The Agards came to this country from Denmark in the past century and settled in Minnesota.

Next Thursday evening the Native Daughters will sponsor a whist party in Central School. Good prizes will go to the winners.

The Welsh port of Cardiff is closer to Canada or the United States than any other English port.

Compromise Offered For Child's Injury

Joseph P. McSherry, 204 Redwood Ave., R. C., father of 8-year-old Barbara McSherry, who suffered a head injury June 12 when she and the motorcycle of Police Officer G. YOUR CHILD CAN STUDY BETTER
WITH BETTER LIGHT
FOR BETTER SIGHT

September with school and study means more than just books, new shoes and new clothes.

For instance, are young eyes ready to stand the strain of long hours of study? If eyestrain is threatening, have eyes examined by an eye specialist. Then check the lighting by which the student must see to study.

Why take a chance with ordinary light that merely looks good enough for a child's study desk? One easy way to provide grade A light for grade A study is with an I.E.S. Study Lamp. Those lamps provide a generous amount of soft, glareless light that makes seeing easy. Incidentally, you'll find better light helpful yourself. Try it and you'll want it for the whole family.

Chest Pledges

Payments Are Asked

A total of \$867.75 in unpaid pledges to the Redwood City Community Chest, held over from last year's campaign, must be cleared up before the 1940 campaign is launched, members of the board of directors agreed at their meeting Wednesday in the American Trust Co. offices. The pledges made last year should be taken care of by Sept. 15.

Plans for the annual "kickoff" banquet to inaugurate the Community Chest drive were made at the meeting, and Sam Winkler and Duncan Reynard were selected as co-chairmen in charge of arrangements. The kickoff dinner will be held Sept. 30, on the eve of the chest drive, scheduled for Oct. 1-12.

A slogan contest, similar to that conducted last year, will be conducted before the drive opens, with cash prizes offered for the best slogans submitted.

Directors named F. Edmund O'Connell as the chest's representative on the defense committee being organized in the community at the request of the chamber of commerce.

SFPI Wins Full Support Of This City

San Francisco Peninsula Inc., non-profit promotional advertising agency which has carried the gospel of the Peninsula's

benefits far and wide, won the full amount of its requested appropriation—\$1300—from Redwood City after a spirited discussion by the city council Tuesday night.

Facts, figures and estimations of the agency's worth to the Peninsula in general and Redwood City in particular were brought out and carefully evaluated by the council before approval of the appropriation over the protests of Councilmen Henry W. Edmonds and George W. McNulty.

Granville Browning, secretary of SFPI and Burlingame Chamber of Commerce, answered the council's questions and described, as his colleagues had done at the preceding council meeting, how the SFPI's prize-winning program had materially benefited the whole Peninsula by bringing home-builders.

Previously, the council had decided to allot only \$500 to the agency for its advertising campaign, but councilmen decided to reconsider after they had been told that their action would jeopardize the entire program. Other Peninsula cities would "go in" or stay out, according to what Redwood City did.

The council's allotment of the full \$1300 requested was made contingent upon the action of all other Peninsula cities contributing the full amounts requested.

Councilmen who opposed the appropriation on the grounds that all expenditures should be curtailed as far as possible, said they meant no reflection upon the SFPI's program, administration, or personnel. Both Councilman Edmonds and Councilman McNulty expressed high regard for the program and its sponsors.

Motion to make the appropriation was made by Councilman William M. Werder, and seconded by Councilman Evans A. Fletcher.

Suit Against City Settled Out of Court

Dismissal of the \$20,000 damage suit of Mrs. Mary Devin of Redwood City, mother of a young San Carlos groceryman killed in an automobile accident near San Carlos Jan. 22, 1939, was asked yesterday in superior court by Wayne R. Millington, attorney for Mrs. Devin.

Millington said the suit was settled "for a nominal sum." Mrs. Devin sued Robert H. Lee of Palo Alto, driver of the automobile which struck George Devin, her son, and Redwood City Officer Herman Fleishman, killing both; the City of Redwood City and Officer Walter Ryan.

Meat Markets, Public Offices Closed Monday

Housewives, if you are planning to serve a nice steak or roast on Monday, remember to do your shopping tomorrow or Saturday.

Butcher shops in San Mateo County, in accordance with an agreement with the butchers' union, will be closed all day Monday, Admission Day.

Food stores, however, will generally remain open on the holiday.

City and county offices and banks will be closed.

Hold me close Bob, I'm so frightened!

Tell him he can't scare me—I'm scared already!

Zephyr-like ghosts, zooming bats, creepy dungeons, rattling skeletons and an assorted collection of wails and moans, have Bob Hope and Paulette Goddard a little on the jittery side in Paramount's mystery-comedy-thriller, "The Ghost Breakers," in which they are co-starred, opened yesterday at the Redwood Theater. Even with their fingers crossed they are beginning to believe that this is more harrowing—and funnier than "The Cat and the Canary," in which they first started their career of ghost-breaking. Gene Autry and Jane Withers in "Shooting High" completes the double bill.

Extra Power In Buicks

"New-car buyers hail Buick's extra power and efficiency as best news of the 1941 model year," according to John D. Clarkson, local Buick dealer. Clarkson said the new Buicks are the "best yet."

Designed to make the best possible use of modern gasoline, the Buick "Fireball" engine extracts a higher percentage of useable power from every unit of fuel, and gets greater power from less gasoline.

In addition to this greater power, there is the new flexibility, new economy, the tremendous reserve power made possible by compound carburetion, Buick's new fuel supply system. In normal operation, only one of the carburetors functions. But when you need more power for a hill, a hard pull or a sudden start, the reserve carburetor cuts in as you press down the throttle, then cuts out when the need for extra power has been met.

Along with the new engine comes Buick's dynamic mass-stream styling, developed at great cost to sound a new design note expressive of massive size in swift and stirring motion. Its sweeping lines and low, broad contours provide more room for driver and passengers alike. Running boards are hidden under the doors, assuring a clean, dry step in all kinds of weather.

"Whichever model Redwood City motorists choose, they may rest assured that everything about it makes the new Buick literally a car without an equal," states Clarkson.

The new Buick Super is now on display and other models will be forthcoming by the end of the week.

County Fiesta

Many Entries For Parade

Entries in the San Mateo County Fiesta parade, to be held Friday afternoon, Sept. 20, are coming in from every kind of fraternal, club and civic organization, according to W. L. Musgrave, parade chairman of the San Mateo Junior Chamber of Commerce.

The parade is tentatively set to start from Broadway-Burlingame, passing up California Dr. and Burlingame Ave., through San Mateo and on to Bay Meadows. It is estimated that an audience of 35,000 will review the floats, bands and marching units as they lead the way to the fiesta's huge floral exhibits.

Entries have been received from all unions of the San Mateo County Labor Council; Burlingame Aerie 2135, Fraternal Order of Eagles, which will enter a motor driven unit; Troop and Pack 48, Boy Scouts of America, San Mateo, with 24 boys marching under the leadership of A. B. Graeber, scoutmaster; Troop 26, Berkeley Boy Scout Drum and Bugle Corps, with 35 marchers; Peninsula Branch, YMCA, a motor driven unit; the Musicians Union of San Mateo County; Loma Park Boy Scout Cub, under Jack Geyer, cubmaster; Daly City Juvenile Drill Team of 25 members; San Mateo County Japanese American Citizens League, with 60 marchers entered; St. James and Mt. Zion Church, with a five-car decorated unit.

Musgrave further announced that the Lions Club and Elks Club of San Mateo and the San Mateo County Horsemen's Association, under the leadership of L. C. Smith, are also planning to enter.
